## TUNDRA TRAIL TECHNOLOGIES TO DEBUT AT 50<sup>TH</sup> ANNIVERSARY HAY DAYS

### New Hermantown Business Ready to Blaze New Trails

Hermantown, MN, September 8, 2016– A new business is hitting the trails in Hermantown, and soon across the country. Tundra Trail Technologies is launching its line of personal snow groomers, the SNoDozer 400 and the SNoDozer 600 at this weekend's Hay Days event in North Branch.

*"The SNoDozers are the top of the line, most efficient personal snowmobile trail groomers available. They can groom trails faster than anything else on the market, and at a fraction of the cost of the large snow grooming vehicles," said Tim Jorgenson, Tundra Trail Tech owner.*

Tundra Trail Technologies will be the only snowmobile groomer manufacturer at the Sno Barons 50<sup>th</sup> Anniversary Hay Days and will have groomers on display.

*"We are excited to be introducing our new line of products, and a new product category for Hay Days. No one else is here to sell trail groomers, and no one else has a product that works quite the way the SNoDozer does," says Jorgenson.*

Tundra Trail Technologies is a small business based in Hermantown, Minnesota selling a premiere line of snowmobile trail groomers that are lightweight and easy to use. The SNoDozer Series groomers can be pulled by most standard 2-up or utility snowmobiles. More information about Tundra Trail Technologies and the SNoDozer Series groomers is available at [www.tundratrailtech.com](http://www.tundratrailtech.com).

Located 8-miles east of North Branch, Minnesota, Hay Days features something for everyone including snowmobile grass drags, freestyle exhibitions, ATV and side-by-side races, the sports largest swap meet, more than 200 vendors, demo ride opportunities, raffles, vintage displays, and much more. It has become the can't miss event for thousands of snowmobile enthusiasts from across North America and

even the world. For more information on the event including a schedule of events, admission fees, and times, visit [www.snobarons.com](http://www.snobarons.com).
